10 practical, tasty snacks that travel well

About this booklet

Not every snack has to be complicated. This booklet brings together crunchy, creamy, savoury and sweet options made with simple ingredients and no added sugar. Each recipe makes individual portions, ideal for taking to work, school or on outings. You can also prepare them ahead and keep the portions ready in the fridge.

Some options are dry and can be carried in a container; others contain dairy or fresh ingredients and must be kept chilled. For perishable snacks, use an insulated bag with a reusable ice pack and do not leave them out of the fridge for more than 2 hours. Check the labels on processed meats, nut butters, plant-based drinks and sweeteners for added sugar or starch.

Crispy Parmesan and Oregano Crisps

MAKES
2 servings (12 crisps)

PREPARATION TIME
5 minutes

COOKING TIME
5 to 8 minutes

INGREDIENTS

- 100 g finely grated Parmesan cheese
- 1 g dried oregano
- Black pepper, to taste

TO TAKE ALONG:

carry them in a rigid, dry container so they do not break. Store them only once cool; moisture can soften them.

METHOD

1. Heat the oven to 200 °C and line a baking tray with baking parchment.

2. Mix the Parmesan with the oregano and pepper. Make 12 small mounds, leaving space between them, and flatten each one slightly.

3. Bake for 5 to 8 minutes, keeping a close eye on them, until the edges are golden.

4. Leave to cool completely on the tray; the crisps become crunchier as they cool.

Almond, Flaxseed and Rosemary Crackers

MAKES
2 servings (about 20 crackers)

PREPARATION TIME
12 minutes

COOKING TIME
18 to 22 minutes

INGREDIENTS

- 70 g almond flour
- 30 g ground flaxseed
- 10 g sesame seeds
- 15 ml olive oil
- 45 ml water
- 1 g dried rosemary
- 1 g salt

TO TAKE ALONG:

once cool, store in a dry, airtight container. If the crackers lose their crunch, warm them in the oven for a few minutes and let them cool completely before storing again.

METHOD

1. Heat the oven to 170 °C and line a baking tray with baking parchment.

2. Mix the almond flour, flaxseed, sesame, rosemary and salt. Add the olive oil and water; stir until an even dough forms. If it is very dry, add more water gradually, 5 ml at a time.

3. Place the dough between two sheets of baking parchment and roll it out to about 2 mm thick.

4. Remove the top sheet, score squares with a knife and transfer the dough to the baking tray.

5. Bake for 18 to 22 minutes, until golden at the edges. Leave to cool completely before separating the crackers.

MAKES
2 servings

PREPARATION TIME
5 minutes

COOKING TIME
12 to 15 minutes

INGREDIENTS

- 50 g unsalted almonds
- 30 g shelled walnuts
- 25 g pumpkin seeds
- 10 ml olive oil
- 1 g smoked paprika
- 1 g ground cumin

2. Toss the almonds, walnuts and pumpkin seeds with the olive oil, paprika, cumin, chilli and salt.
