10 simple preparations to serve with salads and other dishes

About this booklet

This booklet brings together protein dishes that can be served with salads or used in other meals. They are standalone components, not complete salad recipes: prepare one option and pair it with the sides of your choice.

Each recipe serves two, unless stated otherwise. To make preparation easier, have the ingredients ready before you start and use a skillet or baking dish that is the right size.

SAFE PREPARATION AND STORAGE

- Keep raw meat, poultry, fish, seafood and eggs separate from ready-to-eat foods. Wash your hands and clean cutting boards and utensils after handling raw ingredients.
- When possible, check the internal temperature with a food thermometer: poultry, **74 °C**; ground meat, **71 °C**; whole cuts of beef or pork, **63 °C**, followed by a 3-minute rest; fish and seafood, **63 °C**. Egg dishes should be completely set.
- Put leftovers in clean, sealed containers and refrigerate them at **4 °C or below** within 2 hours of cooking. Eat them within 3 days; fish and seafood leftovers within 2 days. Reheat thoroughly before serving.

Grilled chicken with lemon, garlic and oregano

MAKES
2 servings

PREPARATION TIME
10 minutes

COOKING TIME
10 to 14 minutes

INGREDIENTS

- 300 g chicken breast, divided into 2 fillets of similar thickness
- 10 ml olive oil
- 15 ml lemon juice
- 1 g finely grated lemon zest
- 3 g grated or finely chopped garlic
- 1 g dried oregano
- 2 g salt
- Black pepper, to taste

SERVING SUGGESTION:

Slice and serve with leafy greens, cucumber, zucchini or roasted vegetables.

METHOD

1. Mix the olive oil, lemon juice and zest, garlic, oregano, salt and pepper.

2. Spread the mixture over the fillets. Heat a skillet over medium-high heat.

3. Cook the chicken in the skillet for about 5 to 7 minutes on each side, adjusting the time to the thickness of the fillets, until the center reaches 74 °C.

4. Let it rest for 3 minutes before slicing.

STORAGE:

Keep leftovers in a sealed container in the refrigerator for up to 3 days.

Beef strips with paprika and rosemary

MAKES	PREPARATION TIME	COOKING TIME
2 servings	10 minutes	6 to 8 minutes

INGREDIENTS

- 300 g sirloin or top round, cut into strips against the grain
- 10 ml olive oil
- 3 g finely chopped garlic
- 1 g smoked paprika
- 1 g chopped fresh rosemary or 0.5 g dried rosemary
- 5 ml red wine vinegar
- 1.5 g salt
- Black pepper, to taste

SERVING SUGGESTION:

Pair with peppery greens, grilled cabbage or sautéed mushrooms.

METHOD

1. Pat the strips dry with paper towels. Season with salt, pepper, paprika and rosemary.

2. Heat the olive oil in a large skillet until hot. Brown the beef in a single layer; if needed, cook it in two batches so it browns rather than stews in its own juices.

3. Turn the strips, add the garlic and cook until the beef is browned. Add the vinegar at the end and stir, scraping up the browned bits from the bottom of the skillet.

4. If using a whole cut instead of strips, check that the thickest part reaches 63 °C and let the meat rest for 3 minutes before serving.

STORAGE:

Keep leftovers in a sealed container in the refrigerator for up to 3 days.

Baked salmon with lemon and dill

MAKES	PREPARATION TIME	COOKING TIME
2 servings	8 minutes	10 to 15 minutes

SERVING SUGGESTION:

2. Place the fillets in the dish. Season with olive oil, lemon juice, dill, salt and pepper. Add the lemon slices on top, if desired.

3. Bake for 10 to 15 minutes, depending on thickness, until the fish is opaque and flakes easily. If using a thermometer, the center should reach 63 °C.
